

GEORGIA COMMUTE OPTIONS COMMUTER REWARDS

Georgia Commute Options (GCO) provides free services to help commuters and employers make the switch from driving alone to a sustainable commute alternative. Through the GCO rewards programs, commuters can save thousands of dollars a year on their commute, earn cash and win prizes.

Already using a clean commute? Start earning \$25 prizes!

- Step 1 Create a commuter profile at **GACommuteOptions.com**.
- Step 2 Start logging your commutes on the website or the app.
- Step 3 Each time you log a clean commute, you are entered in a drawing for a monthly \$25 gift card. 1 in 10 commuters win!

Switching from driving alone? Enroll in Gimme Five!

Earn \$5 a day up to \$150 when you switch from driving alone to a clean commute (transit, bike, walk, carpool, telework, etc.). Just enroll in the program and start logging your clean commutes. Plus, these clean commutes will also save you hundreds of dollars on gas and vehicle maintenance costs!

To check your eligibility, go to **GACommuteOptions.com**.

\$40-\$60 Gas Cards for Carpoolers

When you share the ride, you are removing cars from the road and reducing pollution. Through GCO, carpools of 3 or more people can earn monthly gas cards for 12 months within a 3-year period.

Carpools of 3 = \$40 gas card each month

Carpools of 4 or more = \$60 gas card each month

Looking for more carpool partners? You can utilize the Ridematching feature on the Georgia Commute Options website to find commuters along your route.

\$50 Vanpool Rider Referral

Vanpools are typically made up of 7-15 other people who share a similar commute. Vanpoolers save money on gas, eliminate commuting wear and tear on their personal vehicle, and get to ride in the HOV (High Occupancy Vehicle) lane.

If you refer a new vanpool rider, you can receive \$50 after that new rider has completed three consecutive months in a vanpool.
