

PASSENGER SAFETY

- If standing, please hold the overhead bars to secure a safe ride.
- Sitting or standing in the stairway is discouraged.
- Please report any suspicious items or activity to the streetcar driver.

BE STREETCAR SMART!

PEDESTRIANS Stop, Look and Listen before crossing the street. Obey all walk signals, look both directions, and keep children close. Do not run in front of an approaching streetcar.

MOTORISTS Streetcars act like cars, but they're not cars! They obey the same traffic laws as other vehicles, but they cannot stop quickly or maneuver out of the way. Do not attempt to pass a streetcar. When parking on-street, park inside the lines and do not double park.

BICYCLISTS Watch your wheels! Cross tracks as close to a right angle as possible, and do not lean into turns when crossing the track. Remember that wet tracks can be slippery, so sometimes it is safest to walk your bike across the tracks.

For more Atlanta Streetcar safety information visit TheAtlantaStreetcar.com

IT'S ELECTRIC. BE SAFE.

Streetcars are powered by electricity. The overhead wire is energized at 750v DC. Do not attempt to climb the poles, touch the wires, or place any item in contact with them.

The Atlanta Streetcar operates without regard to race, color national origin, religion, sex, sexual orientation, marital status, age or disability in accordance with Title VI of the Civil Rights Act of 1964. For accommodations, complaints, and additional information, contact:

Title VI Coordinator, Office of Contract Compliance,
City of Atlanta, 55 Trinity Ave. SW, Suite 1700, Atlanta, GA 30303

HOW TO RIDE GUIDE

For Atlanta Streetcar customer service, please call 404-546-0311 or visit www.TheAtlantaStreetcar.com

GETTING ON AND OFF THE ATLANTA STREETCAR

- The Atlanta Streetcar stops at each of the 12 stops along the route. Please gather your belongings as the streetcar approaches your stop to ensure efficient egress.
- If waiting at a stop please ensure you are behind the safety zone, and move toward the car only after it has stopped completely.
- Bicycles and Segways are allowed on the streetcar in the low-floor section only.

ACCESSIBILITY

- The Atlanta Streetcar uses low floor vehicles, which makes for easy boarding for passengers of all abilities.
- The low-floor section of each car is spacious to allow maneuverability for wheelchairs and other mobility devices.
- Inside each door are two large open areas marked as priority seating for seniors or passengers with disabilities.
- It is not necessary to secure mobility devices on the streetcar.
- Visual and audio announcements indicate the next stop.
- In case of an emergency, passengers can use the intercom to talk to the streetcar driver.

LOST & FOUND

Please call Atlanta Streetcar Lost & Found at (404) 546-5785 to report a lost item. The office is open Monday-Friday, 8 AM-6 PM.

If you do not reach an operator, please leave a message with your contact information and a brief description of the item(s). Your call will be returned as soon as possible. After 14 days, unclaimed items will be donated to charity.

SERVICE ANIMALS (GUIDE DOGS & COMPANION ANIMALS)

Service animals (only guide dogs and companion animals) and contained animals are welcome on the Atlanta Streetcar. You are responsible for the care and supervision of your animal while on board.

- The animal must be on a leash or in a container, remain under your control and behave appropriately.
- The animal must remain at your feet or on your lap. The animal may not sit on a vehicle seat.
- The animal must not be aggressive toward people or other animals.
- You are responsible for any damage or soiling caused by the animal.

If you have any questions about service animals on the Atlanta Streetcar, please call us at 404-330-6759

STROLLERS ON THE STREETCAR

- You are welcome to bring a stroller on the streetcar. We recommend using a folding style stroller. Large and double-wide strollers may prove impractical.
- You may use a seat in the Priority Seating Area by the door, as long as it is not occupied or needed by a senior citizen or a rider with a disability. Look for the "Priority Seating Area" sign.
- We ask that you keep your stroller in the low-floor section of the streetcar. This is important for the safety of your child and your fellow riders.
- Please make sure your stroller is not blocking the aisle or door.

OVERSIZED PACKAGES

No person shall bring or carry aboard an Atlanta Streetcar any package or article of a size which will block any aisle, doorway or stairway on the vehicle.

RULES OF THE RAILS

To help ensure an enjoyable experience for all Atlanta Streetcar passengers, please observe these rules:

Do not distract the driver or bother others

Interfering with the safe operation of the streetcar is hazardous to you and everyone else, and it will get you arrested.

No Smoking

There is no smoking on streetcars or on the stop platforms (including e-cigarettes).

Make the ride comfortable for everyone

Each Atlanta Streetcar includes clearly marked seats reserved for seniors and customers with disabilities. Please surrender your seat to these customers when they board.

Use headphones and respect others' privacy

Groove, jam, rock out – just realize that it's your own soundtrack. Don't share it with others.

Keep it clean

Respect those who will ride after you. Keep your feet off the seats and take litter off with you when you leave.

Use your inside voice

If you talk on your phone, be mindful of your language; keep your voice low and your call brief.

No shirt, no shoes – you know the rest

Just like in stores and other businesses, customers without shirts or shoes will be refused service.

Use only G-rated words

Using profanity or making derogatory statements is not tolerated on buses or trains or the Atlanta Streetcar – it can get you removed from the streetcar and your riding privileges canceled for 30 days.

No eating, alcohol or drinks in uncovered containers

You're welcome to bring your morning coffee with you. Just make sure it's in a container with a sealed lid – and take the container with you when you leave.

ABOUT THE STREETCAR

SYSTEM FEATURES

- The Atlanta Streetcar runs a 2.7 East-West route that connects the Centennial Olympic Park area to the Martin Luther King Jr. National Historic Site. There are 12 stops along the Atlanta Streetcar route.
- The system utilizes an overhead power system that operates on-street in lanes shared with other traffic.
- The Atlanta Streetcar system has four American-made modern electric streetcars, each capable of carrying 200 passengers.
- A vehicle maintenance facility is located along the route under the I-75/85 bridge at Auburn and Edgewood Avenues
